Seattle Link light rail map

The 3 lines and 51 stations of the network

SEATTLE LIGHT RAIL
Independent guide to Seattle Link light rail

Drawn by seattlelightrail.org from Sound Transit's open GTFS data.
All 51 stations are shown, in the real order of each line. Data valid until %-d %B %Y.
The drawing is schematic: distances do not match the geography, but the order and the interchanges do.
Data: Sound Transit open GTFS.
